Climate
November in NC offers crisp nights and warm days. Bring layered clothing that will allow you to adjust for daytime temps in the 60’s or 70’ and nighttime temps in the 40’s or 50’s.

Handicapped Accessible
Preferred housing is available for those with accessibility issues. Two cabins with handicapped ramps are available. All campsites, roads and buildings are wheelchair and scooter accessible. Bathhouses in each campsite have three individual hot/cold showers and toilets and are also handicapped accessible.

Power, Wi-Fi and Cell Phone Coverage
Camp amenities include:
- Power is available in each campsite at the bathhouse and the two shelters.
- Wi-Fi located in all buildings that we will be using.
- Cellphone service is available in most areas of camp. Verizon and T-Mobile work the best with spotty service with all other carries.
