There are many opportunities available in our unit, District, and Council offerings to help make Leave No Trace a very real part of our scouting educational programs. This Action Plan is designed to accomplish three important benefits for you:

**Part I** (fill out prior to the course) - Helps you identify and start working with a major Scouting resource for your future Leave No Trace efforts - your Council Outdoor Ethics Advocate

**Part II** (fill out prior to the course) - Helps you identify and start working with some of the other unit/District/Council Scouters who can help you best use your available Scouting resources to meet the goals you establish for yourself in this Action Plan

**Part III** (fill out during the course) - Helps focus your goals as you work toward meeting the existing Leave No Trace training needs of your unit, District, and Council ideals/values and outdoor programs

## Part I Discuss your Action Plan with your Council Outdoor Ethics Advocate prior to the course

(This is a new position introduced in 2008 and some Councils might not have this position filled yet - check with your Scout Executive)

**Part II** (fill out this part of the Action Plan *prior to* the start of the course) Determine the Scouter who would be able to help authorize and schedule an appropriate Leave No Trace teaching component to the events listed below. ***Complete the four blocks given in red (\*\*)*** and ***one additional Part II block of your choosing***. Contact each Scouter listed in each of the blocks to verify that they would be the right contact person for that possible future Leave No Trace session. Consider the questions found in Part III as you think about bringing an appropriate Leave No Trace message to these activities/events.

When using a computer to complete, the font will shrink as needed. When using printed "hardcopy," continue your answers on the back of this paper or on a blank sheet - this additional text can be referenced by using the number given in the upper left corner of each block.
